U Track Technical Datasheet

Description

Track sections provide a friction for the studs, which not only holds the studs in position until the lining board is fitted, but also helps in aligning the boards.

Primary Data

Drywall Product	U Track
Standard Compliance	ASTM C645 / ASTM A653
Drywall System	Applicable for Partition System
Coating	AZ150 Zinc- Aluminium Coating / Z275 Zinc Coating / Z180 Zinc Coating / Z120 Zinc coating
Steel Grade	G300 Min. Yield Strength: 300 Mpa Min. Tensile Strength: 340 Mpa
Material	Galvanized Steel

Technical Data

Thickness (mm)	Width (mm)	Length (mm)	Flange (mm)
0.50	51, 64, 70, 76 & 02	3000	32
0.55	51, 64 & 70	3000	32
0.60	51,64,70,76,92,100,125 & 150	3000	32
0.80	51,64,70,76,92,100,125 & 150	3000	32
0.90	51,64,70,76,92,100,125 & 150	3000	32
