RAKtherm®
Ultimate Piping Solutions

Gulf Plastic and Converting Industries (Tahweel TM), is a multifaceted manufacturing company based in the United Arab Emirates, supplying various engineering systems for the construction sector

With over 50 years of experience in plastic pipe and fitting manufacturing in Saudi Arabia, Egypt and Jordan, Tahweel TM has launched its first integrated PP-R and PE-X pipes & fittings system for servicing a booming construction sector worldwide and in the Middle East in particular under the trade name of RAKtherm® with 40,000 m2 manufacturing complex bases in Ras Al Khaimah and sales branch office based in Sharjah, Tahweeel TM is well on its way to become the regional leader in water supply and drainage systems.

RAKtherm is a versatile, and comprehensive system for delivery of water and other fluids, used in applications of pressurized hot and cold water delivery as well as under floor heating in all modern residential, commercial and industrial buildings. RAKtherm® offers the widest range of PP-R and its complimentary PE-X piping sys- tem in the Middle East and North Africa, including Multilayer oxygen barrier pipes and Aluminum composite pipes in addition to the conventional piping systems.

We believe the quality of products and the support services provided at RAKtherm® are our main advantages. This is translated in a very wide range of products that are produced with state-of-the-art machinery from the most reputed sources, and a very high-tech quality control system which ensures that this quality is always. maintained in addition to well trained and highly motivated staff on all levels of the company that are always committed to premium service at any time.
